**Statement:** I have lived in the village of Herne since moving here 33 years ago from Sturry.

Over this time I have seen many significant changes to our Parish and feel very strongly about retaining our village identity. With all of the development occurring around Herne and Broomfield it's essential that the community works together to ensure we retain our village identity with all of the benefits this affords us.

We have a strong sense of community within our Parish, which we should all be proud of. Community events such as the Garden Safari and the Family Fun Day in Cherry Orchard being two excellent examples of what can be achieved when we come together. This will be further reinforced with the exciting development of our new community centre, which I hope will be very well received.

I feel privileged to be a Parish Councillor and hope to serve and represent our Parish to the best of my abilities. I am especially looking forward to seeing our community grow and succeed.
